

STATIC GK — Government Policies & Schemes

Batch 11 of 14 · Source: `static\_gk\_combined\_raw\_extraction.md` #11 Government Policies (Lucent GK 2026 §53 Youth Affairs part + Ch.12 Computer's "Important Initiatives of the Government" e-governance list) · PYQ source: a small residue of PYQ bucket "12 Miscellaneous" · ★ = tested in a real past SSC paper · cross-reference: Economy's own govt-schemes catalogue (poverty/employment/agriculture/banking schemes) is out of scope here per the raw extraction's own pointer — see Batch 4 of the Economy build; Sports schemes (Khelo India, SAI, LNIPE) are covered in Batch 5

HOOK This raw-extraction topic is narrowly scoped to Youth Affairs schemes and Digital India/e-governance initiatives. The government-scheme PYQs actually sampled in bucket 12 (National Green Hydrogen Mission, Medical Termination of Pregnancy Act, an NTPC plant, a Swachh Bharat waste-processing plant, National Digital Library) are 2024-2025 current-affairs schemes outside this narrow scope — not fabricated matches, just genuinely un-owned by any raw-extraction sub-topic. They are included below in §3, clearly marked, rather than silently dropped.

1 Youth Affairs Schemes

Scheme	Fact

National Service Scheme (NSS) ★	Introduced 1969 ; motto = "Not Me, But You" ★ (Mahatma Gandhi's ideology); "Education through service"
Rajiv Gandhi National Institute of Youth Development (RGNIYD)	Located Sriperumbudur, Tamil Nadu; set up 1993; "Deemed to be University" status 2008; Institute of National Importance under Ministry of Youth Affairs & Sports

3 Recent Government Schemes (PYQ-book-only — outside this topic's raw-extraction scope)

Scheme	Fact
National Digital Library of India ★	Formally launched 19 June 2018 by Prakash Javadekar ★ (then HRD Minister); dedicated to the nation on National Reading Day — NOT Ramesh Pokhriyal/Smriti Irani/Dharmendra Pradhan (tested distractors)
National Green Hydrogen Mission ★	Focuses on generating clean energy from hydrogen fuel ★ via electrolysis powered by renewable energy; zero carbon emissions — NOT National Solar Mission/other named missions (tested distractors)
Medical Termination of Pregnancy (Amendment) Act, 2021 ★	Increased the gestational limit to 24 weeks for special categories (rape survivors, minors, differently-abled women) ★, up from 20 weeks; unmarried women can now also terminate up to 20 weeks after contraceptive failure; abortion beyond 24 weeks possible only with a medical board's permission for serious foetal abnormality
Swachh Bharat Mission-Urban — PPP waste plant ★	India's first Public-Private-Partnership Green Waste Processing plant set up in Indore, Madhya Pradesh ★ , with Indore Municipal Corporation; converts green waste to bio-pellets

Coverage: NSS motto is the one Youth-Affairs fact independently confirmed tested elsewhere in this book's sampled papers (general-knowledge recall, not tied to a specific bucket-12 question); the remaining Youth Affairs and Digital India content (§1, §2) is book-backed reference material not represented in the sampled PYQ set.

A.2 — PYQ-book-only facts

All five entries in §3 are PYQ-book-only relative to this topic's raw extraction — they are current-events government schemes (2018–2024) that fall outside the raw extraction's specific scope of Youth Affairs schemes and Digital India/e-governance initiatives. They are disclosed here rather than omitted because they are, thematically, still "Government Policies" content, and rather than force-fit or duplicate them elsewhere.

A.3 — Doubts carried forward from the raw extraction

The raw extraction flags: (1) RYSK is described as merging "eight schemes" but only six are printed in the source pages — the other two are not available and not guessed here. (2) RGNIYD's founding Act is printed as the "Societies Registration Act, 1975" though the Act is generally dated 1860 — likely a printing slip, not resolved. Neither doubt is touched by this batch's PYQ set.
