

STATIC GK — Census

Batch 14 of 14 (final batch) · Source: `static\_gk\_combined\_raw\_extraction.md` #13 Census (Parmar SSC Fatman 2nd Ed. 2026, pp.474-476) · Per explicit scoping decision: Census has zero PYQ backing in this book's sampled papers — no PYQ bucket owns it, and Parmar's own extraction notes flag it as "not in the calendar list", included only because it sits in Parmar's Static GK chapter list · built as an **unstarred reference-only batch** — no ★ marks anywhere in this file, since none of it has been confirmed against a real past SSC paper in this book's sample

HOOK Unlike every other batch in this build, nothing here carries a ★. This is book-backed reference material only, useful for general SSC preparation but not verified as tested in this particular PYQ book's sampled papers. Treat it as background reading, not a high-yield revision list.

1 Basics & History

Item	Fact
Frequency	Once every 10 years; conducted by the Registrar General & Census Commissioner of India (Ministry of Home Affairs); legal basis = Census Act, 1948
First city censused	Dacca (now Dhaka), 1830, by Henry Walter — "Father of Indian Census"
First Census (non-synchronized)	1872, during Lord Mayo's tenure
First synchronized/complete Census	1881, by Census Commissioner W.C. Plowden, during Lord Ripon's tenure
First post-Independence Census	1951
Latest Census	2011 — the 15th Census overall, 7th post-Independence

2 Census 2011 — Overview

Item	Fact
Motto	"Our Census, Our Future"
Coverage	35 States/UTs, 640 Districts; two phases — House Listing (April-Sept 2010), Enumeration (9-28 Feb 2011, 29 questions)
Standard Urban Area (SUA)	Concept introduced in the 1971 Census
Total population	1.21 billion (1210.2 M) — India's world-population share 17.5% (China 19.4%)
Gender split	Male 623.7 M (51.54%); Female 586.46 M (48.46%)
Highest slum population	Maharashtra (states); Delhi (UTs)

3 Highest & Lowest Population

Category	Highest	Lowest
State	Uttar Pradesh (16% of total) > Maharashtra > Bihar	Sikkim > Mizoram > Arunachal
UT	Delhi	Lakshadweep
District	Thane (Maharashtra)	Dibang Valley (Arunachal Pradesh)
City	Mumbai	Kapurthala (Punjab)

4 Growth Rate

Item	Fact
Decadal growth (2001-2011)	17.64% (Male 17.19%, Female 18.12%); average annual growth 1.64%
Historical population	1901: 238 M; 1951: 361 M
Highest decadal growth rate ever	1961-1971: 24.8%
Lowest / negative decadal growth	1911-1921: -0.31% (famine) — "Year of the Great Divide" (1921)
Decadal growth 2001-2011 — state	Highest: Meghalaya (27.8%) > Arunachal Pradesh > Bihar; Lowest: Nagaland (-0.47%) > Kerala > Goa
Decadal growth 2001-2011 — UT	Highest: Dadra & Nagar Haveli (55.5%); Lowest: Lakshadweep (6.23%)

Decadal growth 2001-2011 — district	Highest: Kurung Kumey, Arunachal Pradesh (111%); Lowest: Longleng, Nagaland
--	---

5 Child Population (0-6 years) & Sex Ratio

Item	Fact
Child population	158.8 M (13.1% of total) — Highest: Uttar Pradesh; Lowest: Lakshadweep; district: Kupwara (highest), Dibang Valley (lowest)
Sex ratio (females/1000 males)	2011: 943; 2001: 933
Sex ratio — state	Highest: Kerala (1084) > Tamil Nadu (996); Lowest: Haryana (879) > J&K (889)
Sex ratio — UT	Highest: Puducherry (1037); Lowest: Daman & Diu (618)
Child sex ratio (0-6)	2001: 927; 2011: 919; Highest state: Arunachal Pradesh (972); Lowest: Haryana (834); Maharashtra recorded negative growth in child sex ratio

6 Literacy Rate

Item	Fact
Definition	Only persons aged 7+ counted; adult (15+) literacy: 69.3%
Overall literacy	2001: 64.83% (M 75.85%, F 54.16%); 2011: 74.04% (M 82.14%, F 65.46%) — improvement 9.2%
Gender gap	16.68% nationally; widest: Rajasthan (27.85%), then Jharkhand; narrowest: Meghalaya, then Kerala
Best decade improvement	Rural females saw the highest literacy improvement 2001-2011
Literacy — state	Highest: Kerala (94%) > Mizoram (91.33%); Lowest: Bihar (61.8%)
Literacy — category	Scheduled Caste: 66.1%; Scheduled Tribe: 59%

7 Population Density & Rural-Urban Divide

Item	Fact
Density (per sq km)	2001: 325; 2011: 382; Highest state: Bihar (1106); Lowest: Arunachal Pradesh (17); Highest UT: Delhi (11,320)
Rural population	833.1 M (68.8%) — top states UP > Bihar > West Bengal; highest % Himachal Pradesh (89.9%)
Urban population	377.1 M (31.2%) — top states Maharashtra > UP > Tamil Nadu; highest % Goa (62.17%)

8 Caste-Based & Religion-Based Population

Item	Fact
Scheduled Caste (SC)	201 M (16.6%); highest population: UP; highest %: Punjab; zero-SC: Nagaland, Arunachal Pradesh, A&N Islands, Lakshadweep
Scheduled Tribe (ST)	104.3 M (8.6%); highest population: Madhya Pradesh; highest %: Lakshadweep; near-zero: Haryana, Punjab, Delhi, Puducherry, Chandigarh
Religion — 2011 shares	Hindu 78.35%, Muslim 14.2%, Christian 2.34%, Sikh 1.87%, Buddhist 0.77%, Jain 0.41%, Parsi 0.06%
Religion growth	Highest decadal growth: Muslims (24.6%); lowest: Jains (also highest-literacy community)
Religion — state facts	Largest Buddhist & Jain population: Maharashtra; largest Christian: Kerala; largest Hindu: UP; highest % Hindu: Himachal; highest % Muslim: Lakshadweep (96.58%)

9 Demographic Dividend, Migration & Language

Item	Fact
Demographic dividend	Growth period from a rising working-age population (15-59/64 yrs); male workforce participation 53.26%, female 25.5%
Female LFPR	Highest rural: Himachal Pradesh (47.4%); highest urban: Tamil Nadu

Migration	Highest out-migration: UP > Bihar; highest in-migration: Maharashtra; men migrate mainly for work, women for marriage
Disability & adolescents	2.21% of population (26.8 M) identified as disabled (2011); adolescent population (10–19 yrs) = 21%
Top languages (2011)	Hindi 57.1% > Bengali 8.9% > Marathi 8.2% > Telugu 7.8% > Tamil 6.3% > Urdu 5.2% > Gujarati 5%
National Population Policy 2000	Goal: stable population by 2045

DOUBT The raw extraction flags several unresolved issues in this chapter, carried forward unstarred since none are tested: (1) Census 2021 was postponed (COVID-19); the printed "delayed till October 2024" is now itself in the past relative to today — current status not verified. (2) The current Registrar General's name is a recent-event item as printed and not independently verified. (3) The religion table's 2011 column repeats several 2001 figures verbatim and the accompanying text ("Hindu declined by 0.7pp", "Muslim declined by 0.8pp") contradicts the same table's own numbers (Muslim share rises from 13.43% to 14.2%) — kept as printed, not reconciled. (4) The language table's ordering is inconsistent (Gujarati 60M listed above Urdu 63M) and the Sanskrit row's absolute count and percentage don't arithmetically match — kept as printed. (5) "Largest Muslim population: J&K" and "1st Socio-Economic and Caste Census conducted in 1931" are both flagged as unverified in the source. (6) A second box in the source, headed "Census 2011", actually carries 1951 data (population 361M, literacy 18.33%, sex ratio 946, density 117) — a labeling error in the original book, reproduced here as printed rather than silently corrected.

A.1 — PYQ citation index

None. This topic has zero questions in any PYQ bucket sampled for this book — no citation index applies. Every fact above is unstarred reference material.

A.2 — PYQ-book-only facts

Not applicable — this batch has no PYQ source at all, so nothing here originates from the PYQ book.

A.3 — Doubts carried forward from the raw extraction

See the DOUBT box above for the full list (Census 2021/2024 timing and CMMS status, Registrar General's current name, the religion-table 2001/2011 duplication and text/table contradiction, the language-table ordering/Sanskrit inconsistency, the J&K/Muslim-population and 1931 SECC claims, and the mislabeled 1951-data box).
